WESTCHASE

Mark your calendar!

2019 Westchase Cup Golf Outing

Scheduled for November 8th

We are excited to announce that we have switched the tournament to the beautiful Westchase Golf Club and moved it to a Friday. The day will include golf, food, beverages, and great community fellowship. The tournament will be a scramble format featuring on-course contests and awesome team and individual prizes. We will conclude with a relaxing dinner and cocktails as the results are announced.

There are many sponsorship opportunities available and ways for non-golfers to participate. Proceeds will directly benefit the Westchase Charitable Foundation (WCF). Since inception, the WCF has donated nearly \$550,000 to families all across Tampa Bay who have been faced with a tragic situation. With your support, we can continue helping deserving families.

We look forward to seeing you in November!

Sincerely,
The Westchase Charitable Foundation Board

Families Helping Families

Westchase Charitable Foundation

Westchase Charitable Foundation (WCF) is a 501(c)3 charity that provides financial assistance to families all over the Tampa Bay area with children battling a serious illness or that have been faced with a devastating family tragedy.

The Foundation relies completely on fundraising events, as well as private and in-kind donations to help raise funds for its mission. The WCF is unique since most of its operating expenses are funded privately, so 100% of the net proceeds go directly to helping families most in need.

The Foundation began in 2004 to help a local family with an 8-year-old child battling terminal brain cancer, and its growth is due entirely to the countless supporters throughout our region. Since its inception, the WCF has provided over \$550,000 in direct financial grants to families across the greater Tampa Bay area. While the Foundation has its roots in Westchase, over 90% of the actual grant recipients reside outside of the Westchase area.
